The library has been open from 2 to 4 Saturdays during the school year, 2 to 4 Tuesdays in the summer, and from 7 to 8 second and fourth Thursday evenings throughout the year, Mrs. Carleton Frank serving as librarian. The library also conducted 3 socials, one of which was sponsored jointly with the Winthrop Junior Grange, and 5 movie programs. The summer reading contest was carried out again this year, with 15 children participating. Each child reading 10 or more books received a book award, and there 2 special awards, one for the largest number of books read and one for reading in a subject of special interest.

The library was used by 36 children who borrowed 986 books and by 27 adults who borrowed 339 books. There was an increase of 358 books in the library's collection, of which 155 came from the Shelburne School, 103 were purchased from the award received from the N. H. State Library in 1960, and 100 were donated by friends of the library. The committee wishes to express its appreciation for these welcome gifts to the collection. The library also had available during the year 851 books borrowed from the Bookmobile and 40 books borrowed directly from the State Library.

For some time the need to re-catalog the books has been recognized. This work has been carried nearly to completion during the year. We have been greatly assisted in this by service donated by professional librarians from the State Library, Mr. Ralph Riley and Miss Sylvia Crane. They spent several days at the library classifying specialized books and instructing in standard cataloging procedures the members of the committee, the librarian, and volunteers who assisted in the typing. The committee is greatly indebted to the State Library for the assistance and to those who contributed time and energy to this project.

Mrs. Frank arranged 10 special library exhibits during the year. Two of these may be mentioned as of historical interest, one relating to the centennial of the Mt. Washington Carriage Road, and the other to the history of Shelburne itself. In the latter exhibit, on Old Home Day, were volumes

prepared and presented to the library by Miss Ruby Smith dealing with Shelburne history and Relph Peabody's life, and a volume loaned by Lowell Reed containing photostat copies of the original census schedules of Shelburne, from 1790 to 1880.

In addition to having an increased number of books available, the library has improved its procedure for obtaining special or unusual books through the loan arrangements of the State Library. Anyone desirous of obtaining a book out of the ordinary run should contact Mrs. Frank to take advantage of this service.

PROGRAM OF THE WHITE MOUNTAINS REGION ASSOCIATION

The White Mountains Region Association as a voluntary non-profit organization, receives support from the communities of the Region, the state and from individual members so that a program of cooperative promotion and development of northern New Hampshire may be carried on.

The Association publishes and distributes six different folders a year advertising the many advantages of the Region. It receives and carefully answers about 6,000 letters per year from people interested in a vacation in the North Country. The value of this single service cannot be over-emphasized. Recent surveys have shown that the tourists attracted by this mailing service have spent many hundreds of thousands of dollars in the Region. The Association sponsors the annual fall foliage tours, and represents the Region at national travel shows.

Through its board of directors, it is able to speak for the Region's needs at state and national hearings and at important meetings within the Region. It maintains a news release service to local newspapers to help inform the citizens of the North Country of worth-while activities and economic trends.

This winter the Association is running a cooperative ad program with the chambers of commerce in the ski areas to promote skiing in the White Mountains. It cooperates with private promotional groups, local chambers of commerce, and with the state promotional agencies. It promotes the sale of real estate through the mailing of real estate purchase bulletins to real estate brokers. It conducts labor surveys for groups interested in industrial development, maintains an award program for the 4-H Clubs, and promotes agriculture within the Region.

In uninterrupted service since 1938, it has helped establish the White Mountains Region as a vacation center as fine as any in the world and contributed in many other ways to

the economic betterment of all forty-six communities in northern New Hampshire.

Requested Appropriation, March 1962			\$26,301.86

* The starred items are required by law to be raised as determined by the proper authorities. The District determines the salaries of the District officers. The Supervisory Union Board decides the local share of the Superintendent's salary and other Union expenses. The share paid by the several Districts toward the Superintendent's salary for 1961-62 is as follows: Dummer, \$198.40; Gorham, \$4,408.20; Jefferson, \$573.50; Milan, \$533.20; Randolph, \$210.80; Shelburne, \$275.90. The State Treasurer also reports the amount of the per capita tax, while the Teachers' Retirement and the State Employees' Retirement Association assesses the amount for the Superintendent's retirement and other District employees that belong to the system. In those towns that are under Social Security, the amount to be paid by the District is established by law.

While the School Board is not required by law to give an estimated balance until June 10, 1962, it is reasonably sure that there will be no balance at the end of the fiscal year.

REPORT OF THE SUPERINTENDENT

Foreword

To the School Board and Citizens of the Shelburne School District:

Several legislative acts were passed during the last session of the legislature which should be of interest to the voters of the School District. Some of this legislation has implications that might have a far reaching effect on education in this state. A brief summary of this legislation follows:

The Interim Commission on Education is in the process of making an extensive study of school district organization, per capita tax, services of Supervisory Unions, cooperative school district incentive aid, school attendance, and other related educational areas. This study will probably be a basis for future legislative acts in regard to education in the state. As this committee has just begun its task your Superintendent would like to encourage all the voters to be conscious of developments in this area. From time to time press releases will be available on this study. Mrs. Douglas Horton from Randolph is serving as a member of this Commission.

Educational television received an appropriation of \$25,000.00 (for each year of the biennium) for operating expenses. The sum of \$15,000.00 was made available on a matching basis with the local districts for additional operating expenses. In certain areas of the curriculum this will enhance learning to a substantial degree. At the present time we are facing poor reception but this problem will be reduced or eliminated.

An act encouraging the education of intellectually retarded pupils at the local level was enacted. This Act pro-

vides that "School districts may establish classes as approved by the state board or may pay tuition to such an approved class maintained by another school district or by a private organization. The state shall pay to a school district a portion of the cost of education of each child in an approved class at the rate of $\frac{1}{2}$ the state average cost per pupil for elementary schools. School districts maintaining special classes approved for the education of these children may charge tuition at a rate higher than the limit in RSA 193:34, provided the rate is approved by the state board. Appropriation—\$50,000 for fiscal year ending June 30, 1962 and \$75,000 for fiscal year ending June 30, 1963. Several districts within the state previous to this legislation have exercised leadership in this educational area.

High School Evaluation

Last spring Gorham High School was evaluated by the New England Secondary School Association. As a result of the evaluation Gorham High School is fully accredited for a ten year period. Copies of the evaluation are available on a loan basis from the High School Principal. Citizens of Shelburne are encouraged to borrow the report for a limited time.

Budget

The proposed budget for 1962-63 is \$26,301.86. By adding the three special articles our total requested appropriation will be \$29,876.46. This total amount exceeds last year's appropriation by \$8,437.13.

Our budget shows major increases in tuition and transportation. Please refer to the sections entitled Tuition and Warrant. In our tuition budget we have made an allowance for two additional high school students. This is common practice when all students within a school district attend schools outside the district. If unused, the money will show up in our balance at the end of the 1962-63 school year.

Tuition

The laws governing tuition rates have remained unchanged. Comparative rates for 1961-62 and 1962-63 are listed below:

	1961-62	1962-63
Kindergarten	\$125.00	\$125.00
Grades 1-8	275.00	275.00
High School, 9-12	450.00	470.00

Almost every district maintaining a high school is witnessing ever increasing costs. Curriculum areas that require heavy expenditures include science, shop, home economics, foreign language, and commercial. Gorham is no exception in witnessing heavier costs in secondary education.

The tuition budget request is broken down in the following manner:

Kindergarten	5 x \$125.00	\$ 625.00
Grades 1-8	50 x \$275.00	13,750.00
Grades 9-12	13 x \$470.00	6,110.00
Area School	1 x \$457.00	457.00
Allowance	2 x \$470.00	940.00
Total		<hr/> \$21,882.00

Warrant

Three special articles appear in the warrant, namely incurred tuition liability, incurred transportation liability, and repairs to the school roof.

The present year witnessed additional tuition pupils that have created a heavy expense to the District. Acting within the framework of the New Hampshire Municipal Budget Law, the Shelburne School Board requested from the Budget Committee and the State Board of Education permission for the District to incur a tuition liability. This liability totals \$2,624.60. The voters are requested to grant the school board this amount in order for us to pay Gorham our final payment on tuition for 1961-62. Included in this amount of \$2,624.60 is the sum of \$300.00 for any additional pupils.

Before school opened in the fall the bus required a substantial amount of repair work. This fact plus the costs of four tires forced the School Board to request permission from the above official bodies to grant the District the right to incur a transportation liability. This amounts to the sum of \$450.00.

Your School Board feels that the roof on the school house should be repaired. In all probability it will need to be resingled. By postponing this repair work, we will run the risk of water damage during the next year. Although placing an additional burden on the taxpayer who is witnessing a substantial budget increase, I must encourage the voters to support this article. A sum not to exceed \$500.00 is recommended for this work.

Enrollment

As stated previously our enrollment increased more than anticipated. Below is our grade distribution on January 4, 1961:

Kindergarten	2		
Grade I	10	Grade IX	3
Grade II	6	Grade X	1
Grade III	4	Grade XI	6
Grade IV	10	Grade XII	1
Grade V	5		
Grade VI	7	Total High	11
Grade VII	5	Total Elementary	53
Grade VIII	4	Total High School	11
Total Elementary	53	Grand Total	64

Shelburne School

Eventually, thought should be given for some use of the building. Except for the roof it appears to be in good condition. Your School Board believes that the building should be kept in good repair although it isn't being used for school purposes.

Conclusion

As this report is being made for the year 1960-61 most of the details happened during the time of my predecessor, Mr. Gordon R. Tate. During his tenure as your Superintendent, Mr. Tate ably served Union 20 in an efficient manner.

With the educational trust that your School Board has given to me I will endeavor to serve you to the best of my ability. To many voters, pupils, and district employees I owe many thanks in making the change in Superintendents an easier task.

Respectfully submitted,

LEON J. LAKIN
